OCG Announces Inclusion in Inc.500 for the 2nd Year in a Row

Montgomery, AL – August 12th, 2009 – Inc.com announced today their list of The Fastest Growing Private Companies in America. Online Commerce Group, LLC ranks in the top 500 posting over 600% growth from 2005 to 2008.

<http://www.inc.com/inc5000/2009/company-profile.html?id=2009999962>

This marks the second year in a row Online Commerce Group has been listed among the top 500 fastest growing independently held companies in America. Online Commerce Group provides upscale products for the indoor and outdoor living space for both the residential and commercial markets. Products include custom made cushions, umbrellas, teak, cast aluminum furniture and home furnishings. Formed in June 2004, Online Commerce Group has 100 niche revenue generating web divisions – up from 30 web divisions at the beginning of 2008.

OCG's strategic imperatives are (1) Creating quality and innovative companies (2) Deploying cutting-edge technology to showcase our goods and enhance the customer experience (3) Expanding and adding depth to our global presence. Located in Montgomery, Alabama, OCG was formed by two local entrepreneurs, Scott McGlon and Gerry Monroe.

The Inc. 500 issue is one of the biggest business stories of the year, with extensive print and broadcast coverage that makes it more than just a major newsstand draw. It also has the greatest shelf life, often found on the desks of CEOs nationwide as the leading sourcebook of the fastest-growing private companies.

For more than 25 years, Inc. has been the handbook of American entrepreneurs, a trusted sourcebook for how to start and grow their companies. Over the years, the annual Inc. 500 has catalogued the 500 fastest-growing private businesses in the U.S. Unlike the Fortune 500 and other lists, companies must apply to be considered for the Inc. 500, demonstrating the unique relationship Inc. has with these companies, which have included such household names as Microsoft, Oracle, Qualcomm, The Sharper Image, Morningstar, and Timberland.

"The Fortune 500 is a record of America's past...the Inc. 500 is a window to its future."
– Tom Peters, co-author of *In Search of Excellence*

Inc. readers are more than business owners; they are builders:

- The 2008 Inc. 500 companies were engines of job growth, having created more than 55,000 jobs since those companies were founded.

- Aggregate revenue for the 2008 list was \$18.4 billion, up from 2007's \$13.7 billion. The median revenue growth rate over three years was 880.5 percent.
